

# Yousef Mohamed

---

Full Stack .NET Developer

# About Me

---

"I'm Yousef, a Full Stack .NET Developer passionate about building scalable and efficient systems. With expertise in .NET Core, C#, ASP.NET, Blazor, and cloud platforms, I specialize in developing robust APIs, designing interactive front-end interfaces, optimizing databases, and solving complex technical challenges. I focus on delivering high-performance, secure, and maintainable applications across the full stack."

I focus on delivering solutions that are not just functional but also aligned with business goals. Let's build something impactful together!
